

NEW COLLEGE NEWSLETTER

Volume 1, Number 1

March 1980

This is the first in a series of newsletters. If there is some news like to contribute for future issues, please send it to Chenoweth Mottatt, Alumni Coordinator, New College Foundation.

Dr. John Elmendorf, president of New College from 1965 to 1972, died of heart failure in Washington, D.C., February 17. The second president of the college, Dr. Elmendorf, who was 63 years old, had been serving in recent years as a consultant on numerous educational projects in the United States and abroad, primarily with the Academy for Educational Development.

Memorial services were held in both Washington and Sarasota. A memorial fund has been established through the foundation by friends. Contributions may be sent to the Foundation designated for the John Elmendorf Memorial Fund. The Foundation is exploring several memorialization projects.

We regretfully announce the resignation of Mrs. Millie Ellis, Director of Admissions for New College. Her dedication for the past nineteen years has contributed significantly to New College's development. We gratefully acknowledge her accomplishments, and wish her well in the future.

A committee has been established to find a new Director of Admissions. The position requires a Bachelors degree and experience, preferably five years, in admissions at a selective college. It is a 12-month appointment beginning June 1, 1980. The salary is dependent on experience and qualifications (minimum at \$19,000 and negotiable).

Interested alumni and former students are encouraged to apply. Address application and nominations, including vitae with at least three letters of reference to Dr. Jean Mather, Assistant Provost, New College of USF, 5700 N. Tamiami Trail, Sarasota, Florida 33580; ((813) 355-7671 ex. 207). Deadline for applications is April 1, 1980.

The New College Foundation has launched a major campaign toward establishment of an endowment trust fund. Phase I of the campaign entails raising \$3.5 million in private and corporate funds. Phase II is obtaining the \$2.5 million in State Challenge funds. Phase III, which is planned to begin next November will be an organized campaign aimed at raising an endowment to a level sufficient to sustain operations and provide qualitative improvements.

Toward this end, the Foundation received a major gift from the France Foundation of Baltimore on February 8th, 1980. It consists of 120 acres of waterfront property six miles south of Venice, FL. The land is appraised of about \$1 million and will count toward the \$3.5 million we must raise to trigger the release of \$2.5 million in State funds.

We will keep you posted as the campaign progresses.

Tentative plans are being made to continue the two-year-old tradition of an annual reunion. Following the past format, this festive occasion will most likely be held mid-May and will be a three day affair, starting with a dinner on Friday night, a beach party and Palm Court Party on Saturday, and a brunch on Sunday. Sound interesting? Well, if you care to attend such a gathering and desire further details, please fill out and return the following in the enclosed envelope. Hope to see you in May!
