Dear Don:

You may be interested to know that, as the New College seal has become known to the public, to our new student body that has arrived and to many others, it has been most enthusiastically received by all groups.

To some it does take explanation, but once it is understood, the general feeling is that we have an exceptional and interpretative design.

We want to thank you and Mr. Pei for this very fine result, and we are proud that this effort will become a hallmark of a new institution for centuries to come with the timeless value of the spirit of the seal.

Cordially,

George F. Baughman
