

NEW COLLEGE NEWS RELEASE

NEW COLLEGE, SARASOTA, FLORIDA
FURMAN C. ARTHUR — INFORMATION

FOR RELEASE: SUNDAY, AUGUST 1, 1965

Gordon S. Slougher, Corporate President of EMR, electronics research corporation of Sarasota, has notified Dr. George F. Baughman, President of New College, that the Schlumberger Foundation has granted \$5,000 to the college for scientific equipment.

In making this announcement, Mr. Slougher said, "The Schlumberger Foundation was created and funded by Schlumberger in Houston in March 1954 to promote charity, education, religion, and science. The principal activity of the Foundation since that time has been to grant scientific scholarships to selected universities and colleges. EMR is wholly owned by Schlumberger and has been privileged to submit recommendations to the Foundation relative to contributions made to various educational institutions."

Dr. Baughman said, in acknowledging the announcement, "We are delighted and deeply grateful for this award to New College for scientific equipment. I am especially pleased with this gift as it marks the first time that the work of New College has been recognized by a company in the electronics field. We are indeed grateful for the encouragement we have received from the Schlumberger Foundation through our friends at EMR."
