NEW COLLEGE, SARASOTA, FLORIDA
FURMAN C. ARTHUR — INFORMATION

FOR IMMEDIATE RELEASE:

An intimate glimpse into a New College seminar with historian Dr. Arnold J. Toynbee will be afforded television viewers Saturday (April 3) at 1 p.m. on WTVT Channel 13.

A special filmed portion of the seminar with the visiting professor of history at New College and some of the 16 students who take part in these special sessions will be shown as part of the regular Channel 13 series, College Kaleidoscope.

Television cameras were moved into the seminar room and photographers filmed one of the actual seminars in progress as the world famed historian answered questions and discussed issues with the students.

Filming was done in College Hall on the New College campus.

Students have been meeting regularly with Dr. Toynbee in seminars since shortly after his December arrival. Prior to that time they had studied in preparation for the seminars under the guidance of Professor of History Dr. George Curry.
